

PASADENA · NOVEMBER 3, 2026

Measure PFD: the facts.

We support Pasadena’s firefighters and paramedics. Before you vote, read what the proposed parcel tax would require.

Provisions of the proposed ordinance

Election	Tuesday, November 3, 2026
Annual rate	\$0.19 per square foot of improved property
Duration	14 years after the ordinance takes effect
Estimated revenue	Approximately \$22.1 million annually
1,600-square-foot example	\$304 a year; \$4,256 over 14 years
Vote required	Two-thirds of votes cast on the measure
Exemptions	Qualifying very-low-income owners; owners with senior or disability utility-tax exemptions; certain government, religious, and community-service properties
Oversight	Annual independent financial audit, public annual report, and City Council oversight

Our campaign’s position: vote NO.

We support Pasadena’s firefighters and paramedics. We believe the City should develop a funding plan that shares the cost more broadly and gives residents a clearer picture of what they will pay.

Examples assume taxable improved square footage and no exemption. The ordinance names reconstruction of Fire Stations 33 and 37 within ten years.
